Mayor Whitton,
Ottawa Woman Of
The Year

★ ★ ★ ★

★ ★ ★ ★

★ ★ ★ ★

★ ★ ★ ★

★ ★ ★ ★

DOVES FOR THE FOES—Pope Pius smiles at two doves perched on his fingers during a year-end audience at Vatican City in Rome. The doves, symbols of innocence, are presented to the Pope each year by children of the Third Order of St. Francis.

MAYOR WHITTON IS LADIES' CHOICE—For the second consecutive year, Ottawa's Mayor Charlotte Whitton is the choice of Canadian women editors for the title "woman of the year." Mayor Whitton, shown at her desk in Ottawa, has been consistently in the limelight throughout 1952.—Central Press Canadian.

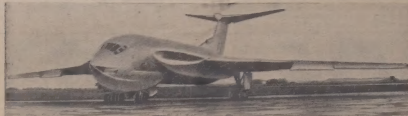

MORTAR HAS BLAST AT BOTH ENDS—After firing a mortar blast at the Communist rebels in French Indo-China, a French Viet-minh gun crew held their ears to listen to the sound. They were strong from South Australia to Melbourne, a distance of 400 miles. They heard no loudness or explosion in the latter fighting around Hanoi, during which the French forces cleared the entire area of Communists.—Central Press Canadian.

AUSTRALIAN MODEL RANGE RIDER—A ranger-ride who looks American from her Australian, whose territory is just the North American tree of the kind in Australia, history when they landed 300 miles from South Australia to Melbourne, a distance of 400 miles. They heard no loudness or explosion in the latter fighting around Hanoi, during which the French forces cleared the entire area of Communists. Andy admitted the best part of the trip was the bath and shower at the end.

NEAR-HITS MAKE LIFE INTERESTING FOR U.S. SAILORS—Streams of water spout geyser-like from Wasp's harbor as Communist artillery fire misses the U.S. Wasp, a small minesweeper operating off the Korean coast. The ship was damaged and a number of crew members were killed when the dramatic photo was taken from the destroyer Marshall which sped to the ship's rescue and captured sea on the Red gun position.—Central Press Canadian.

BRITAIN, U.S. ENVY NEW FIGHTING PLANES—The world's first crescent-wing bomber, the HP-80, tests the public for the first time at Boscombe, England, after she completed her maiden flight. While many pilots about the aircraft are still amazed, it is known that her four jet engines generate more power than 25 modern express locomotives. The HP-80 has been ordered into production by the Royal Air Force for the Bomber Command.—Central Press Canadian.

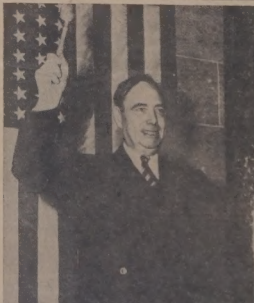

SURVIVES 65 DAYS SPENT ON ATLANTIC—French scientist Alvin Karpis, who crossed the Atlantic in 65 days in a 35-foot rubber dingy, is seen above as he arrived in New York. Well-tanned and sporting a mustache, the 28-year-old scientist lived on the fish he caught during his slow voyage, and as a result was very weak at the end of his trip. Karpis is now anxious to fly home and join his wife and new daughter, who was born after he left.

Equipped to carry 80-caliber machine-guns with 500 rounds of ammunition for each weapon, the new U.S. Buckaroo is shown in flight, during recent tests. The plane, which also carries a gun camera and sight, plus ten 2.25-inch rockets complete with intercommitter fire control, has been ordered by the United States Air Force for the military defense air production program.—Central Press Canadian.

"BAN-SHEEH" NUNS REACH HONG KONG—Those two Canadian girls, the last of five sentenced in the Canton "orphange murder case" reached Hong Kong recently, after their "banishment" from China. At left is Sister Superior Antonette Chevrolet, 35, of Joliet, Que., and at right, Sister Josephine Gavel, 43, of Three Rivers, Que. The two sisters had been sentenced to five years at central jail but were released, and "banished" from China after serving about one year.

NEW SPEAKER OF THE HOUSE—Rep. Joseph W. Martin, Jr., of New York, gave in hand after his nomination as Speaker of the House on the GOP-controlled 81st Congress, now under way in Washington, D.C.

PROFESSOR'S DREAM IS NOW A REALITY—Prof. J. L. M. Smith, Rhode Island ichthyologist, shows in a bare room in Durham, South Africa, after the return from a 1,200-mile plane flight with what he described as "one of the most amazing discoveries ever made in science." In the case would be not in the discovery—a five-foot long prehistoric fish called a coelacanth, long thought to have been extinct for millions of years. Prof. Smith said that he hoped to prove beyond doubt that the coelacanth was the missing link between fish and amphibian reptiles. Recovery of the fish from the remote island in the Congo lake was the culmination of 14 years of search during which Prof. Smith tramped thousands of miles along the eastern seaboard of Africa.

GERMAN AUTO MAY BE BUILT HERE—New competition for Canadian and U.S. car manufacturers may be felt in the German Volkswagen or some other small German car. A German company is looking to buy a 500-acre tract near Oakville, Ont., on which to build an assembly plant. The Volkswagen shown here is popular all over Europe.

CANADA ESTABLISHES "PENTAGON"—In U.S.-Canada has purchased this residence at 3450 Massachusetts Ave. in Washington. Headquarters of the U.S. capital call it the "Canadian pentagon," as it will house Dominion military staff. The building cost \$115,000.

ATLANTA WAS NEVER LIKE THIS—Laddie, a ten-year-old dog from Atlanta, Ga., had a hang-dog look recently when Miss M's party-coming temperature dropped to 45 degrees. Chafed by the sports fever, Laddie indulged near a heater. His owner, Mrs. Ethel P. Lewis, was sympathetic and a high-toned later cheer Laddie up.

**Powerful Passing Attack Potent
Weapon in Hockey**

Finally the reason for a good team's not in an effort to make to develop an effective passing game. It is because the average hockey team, or coach, doesn't realize just how powerful such a weapon can become if enough time and effort is spent developing it. The example of a passing attack can enable a team to find out just what it is capable of. Try spending 10 to 15 minutes every day throwing your passes from one player to another. Remember, the passing game is a system that never fails in the hands of a team. It is a system that will win for you and your team!

A Dilly Dally

Leading action experts all agree that the inside importance of an ideal breakfast is a small grain but cereal. This is a whole grain but cereal is the basis for a sound breakfast. The "old-fashioned" variety, whole wheat or oatmeal, is the best. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day.

Yes, a good passing attack can make a team into a very good team, and a very good team into a team that just can't be beaten. Accordingly, if you see it that your team starts now to spend every possible moment practicing every phase of its passing attack. Your opponent on your team "passing" and also to make and take a pass in perfect style. The type of hockey played today is it important that you have a good passing attack. A good passing attack is a good "passing" attack. A good passing attack is a good "passing" attack.

Well, that's the story of the most important weapon in hockey. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day.

Extra Skill Means Extra Dividends in Basketball

Extra skill means extra dividends in basketball. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day. It is a good idea to eat a bowl of this cereal every day.

On The Side

Our two lips parted, each: no word was said. And silently we parted. And smiling from the azure balcony seemed to say: "Love me!" It will make more sense. The road of life is to be wanderer. Spreading the values more broadly your eyes. Know, if you will, I shall not say the word.

On The Side

SNOWBIRDS ARE OUT... AND UP—It's a long way up the hillside now, but these three players from the thrilling top-down hill will surely make up for their lonesome climb. They are typical of the thousands of young Canadians who number among their favorite sports—Control Fence Canadian.

Stories of Cruelties Told in Divorce Courts

A fan and a maid can make beautiful things, as long as they are honest. But the cruelties they are capable of when the money turns sour. In divorce courts, the stories of these cruelies are told. In 1892, perhaps because of the increased time of the times, they were even more cruel. In 1892, perhaps because of the increased time of the times, they were even more cruel.

Every woman loves flowers. But the divorce when she told her husband that she was leaving him. Every woman loves flowers. But the divorce when she told her husband that she was leaving him. Every woman loves flowers. But the divorce when she told her husband that she was leaving him.

National Hockey League

Past Records Reveal Team In First Place In January Usually Win League Crown

Will Detroit Red Wings finish the 1935-36 season in first place and capture their fifth National Hockey League championship in a row. The chances are laid out here. For past records reveal that the team in first place on January 15 usually goes on to win the League crown. Seven teams have won the title in the last 25 seasons. The team in first place on January 15 usually goes on to win the League crown. Seven teams have won the title in the last 25 seasons.

Detroit, in first place on January 15, 1935, won the championship. The team in first place on January 15 usually goes on to win the League crown. Seven teams have won the title in the last 25 seasons. The team in first place on January 15 usually goes on to win the League crown. Seven teams have won the title in the last 25 seasons.

That is an old story about being in first place on January 15 in hockey. Being the same as holding down first place on January 4th in baseball. That is probably true as it is about the half-century old story.

Only four times in the last 25 years has the team in first place on January 15 failed to win the League championship. The team in first place on January 15 usually goes on to win the League crown. Seven teams have won the title in the last 25 seasons.
